of the Rose"

## BISHOP BREIT LETTER OPPOSES RETURN OF BODIES

WASHINGTON, Jan. 15.—Bishop Charles H. Breit, senior chaplain with the American expeditious forces in France, has addressed an open letter to Secretary Baker and the next of kin of the American dead in France regarding the return of the bodies of American soldiers who fell overseas. The letter, made public today by the American Field of Honor association, which is opposing the movement for the wholesale return of the bodies, follows charges presented in the senate and house that the movement is being fostered by undertakers for their personal profit.

"America," wrote Bishop Breit, "has left to the decision of the nearest of kin in each case what the final resting place of our dead is to be—whether in France or in this country. No one will dispute the right of parent or wife to claim the fulfillment of the promise made by the American government to return to America the bodies of our dead soldiers. But it is conceivable that there are those, after learning the plans to establish and maintain in France an American field of honor for those who are forever overseas, may consider this the more excellent way."

A bill to incorporate the movement has already been presented to congress and is to be reintroduced shortly. There will be an American central field of honor with as many departments as may be necessary. Here each year on an appointed day commemoration of the dead will be observed. Over all the sheltering folds of the Stars and Stripes will forever wave.

Those of us who have given for more than a year careful consideration to the American field of honor are moved by a single-minded purpose. It is the work of love carried through by a sense of reverence for that sacred dust which, though mingled with the soil of France, is due. It would preserve as far as may be the comradeship of the war among those who met in the common death that work began in life to bind together nations of like ideals."

## FATHER AND SON WEEK TO BE OBSERVED HERE

Preparations are now being made for the observance of father and son week, Feb. 14-22, by a large number of the Memphis churches, Boy Scouts and other organizations interested in the welfare of boys.

H. Wright, boys' work secretary of the Y. M. C. A., is presenting the matter to the pastors' associations of the various denominations of the city and the Boy Scouts, who are planning to be quite generally observed. Last year six churches, the Y. M. C. A. and the Boy Scouts, gave father and son banquets, which were largely attended and were greatly enjoyed.

Father and son week is rapidly becoming a national institution, each year seeing its observance more general. The purpose of the occasion is to get fathers to renew their interest in their paternal obligations; to lead sons to deeper respect and appreciation for their fathers and homes; and to lead both father and son to regard the church and Sunday school as necessary to the finest development of their spiritual lives.

## "Y" TO ENTERTAIN FOR DORMITORY MEN FRIDAY

A get together social will be given for the 250 men who have rooms at the Memphis Y. M. C. A. Friday evening at 6:30 in the assembly room of the association for the purpose of promoting fellowship and better acquaintance among the dormitory men.

Dr. E. E. George, general secretary of the association, is planning a series of events for the entertainment of the men living at the Y, of which this will be the first held. It is the purpose of the association to give a social or entertainment of some kind for the dormitory men at least once a month, and to organize group classes in Bible study, athletics and other things of interest to the men.

Each floor is to have a committee to see that new arrivals are properly welcomed and made acquainted with their neighboring room mates and look after matters of general interest to the men of their particular floor.

## AUTO CLUB TO HONOR EXPERT ON TRAFFIC

Impressions gained after a look at Memphis traffic conditions and suggestions as to remedying some of the defects in the system will be the subject of a talk by Det. Joseph Gerk, St. Louis police traffic expert, before a special meeting and dinner of the Memphis Automobile Dealers' association at the White restaurant, on Court avenue, Elwood Lloyd, secretary, is planning for more than 100 guests.

Mayor Rowlett, Daine and other members of the city commission as well as Dr. Bury, chief of police, W. D. Bee, inspector, and Will Lee and Mike Kehoe, captains, have been invited.

A rare musical program is promised. It embraces specialties by four cabaret performers. Miss Pauline Clark will be the soprano vocalist. Miss Ruby Grant and Burl Grant will entertain as well as Miss Joe Cleta Howe, ukulele player.

## NOTED ALIENIST DIES.

MORRIS PLAINS, N. J., Jan. 15.—Dr. Britton D. Evans, noted alienist and superintendent of the state hospital, died in an automobile accident at 45 years old. His testimony was the basis for the "brainstorm" defense for murder presented by Harry Thaw.

## Munsey, Buyer Of New York Papers, Silent Upon Plans

NEW YORK, Jan. 15.—Frank A. Munsey, magazine and newspaper publisher, who last night purchased the New York Herald, the New York Evening Post and the New York Tribune, said today he would have no announcement to make concerning the plans for these newspapers until he had had opportunity to study his new property.

He declined to discuss the price paid. While the deal was not completed until last night, he said, negotiations had been in progress for several weeks.

Announcement of the change was made by James A. Herald by Rodman Wanamaker and the Guaranty Trust company, co-executors of the estate of James Gordon Bennett.

## WIGGS WON ONLY ON LEGAL GROUNDS

The report of the chancellor's decision several days ago saying that R. J. Wiggs, former president, had won his suit against the Farnell-Love Lumber company on all of the grounds alleged by him, was an error. Mr. Wiggs claimed for several reasons, including threats of loss of position and dividends that officers of the company were to be removed from the company value, which offer from the company he was compelled to accept and go West for his health.

## JAMMED CARS BASIS FOR DAMAGE SUIT

Overcrowding street cars to such an extent that the doors can not be closed and necessitating passengers standing on the front and rear platforms and steps as practiced by the Memphis Street Railway company is given as a reason for injuries received by Albert Smith on Dec. 31, 1931, when Smith was thrown from a car at Orleans street and St. Paul avenue and injured.

## TRANSFERS REFUSED: DAMAGES SOUGHT

Insolence by agents of the Memphis Street Railway company and their refusal to transfer Smith upon demand furnish the basis for a suit for \$2,000 damages filed Wednesday afternoon by Leonia Forch, a teacher in the public school. The bill filed by William L. Terry alleges that on Jan. 5, and again on Jan. 6, the plaintiff boarded a street car en route to her home from the Florida street school, paid her fare and requested a transfer which was refused by the conductor on the street car.

## CHICAGO DRY OFFICIAL PROMISES NO ROUGHNESS

CHICAGO, Jan. 15.—Word was passed today by Capt. Hubert E. Howard, director of federal prohibition in Illinois, that enforcement of the eighteenth constitutional amendment, effective at midnight tomorrow night, would be "based upon mutual reasonableness and carried out by reasonable and law-abiding authorities."

Howard and Maj. A. V. Dalrymple, general prohibition agent of the Chicago police department, would be "the invasion of the home," no raiding of respectable clubs and hotels, and no frisking for hip liquor.

## BRICKLAYERS GET RAISE IN WAGES

CHATTANOOGA, Tenn., Jan. 15.—An agreement between union bricklayers and contractors has been reached by which the bricklayers are to receive \$1.12 1/2 per hour for an eight-hour day, or \$9 per day with time and a half for overtime. The bricklayers were recently granted an increase to \$8 an hour but since then they have compiled statistics which show that the cost of living has increased 84 per cent since 1914 and hence they made another demand for an increase of 25 cents per hour. The contractors finally agreed to split the difference and this was accepted.

## NEW BANK BUILDING.

Memphis, Tenn., Jan. 15.—The Bank of Bristol will erect a modern six-story building here at the corner of State and Sixth streets in the heart of the business section, according to a statement issued at a meeting of the board of directors of the institution. It is planned to begin the erection of the building early in January, 1932, when the lease of the Kress company expires on the property. The building is to cost more than \$100,000.

## COULDN'T GET LUMBER.

breach of contract in that they failed to supply a quantity of lumber purchased by the alleged contractor in a suit filed Wednesday afternoon by the Empire Company, Inc., of North Carolina, against the Childers-Hard Lumber company. The Pennsylvania company seeks to recover \$2,016, which it claims to be lost by reason of the alleged breach of contract by the Memphis lumber concern.

## Italian Princess Visiting In U. S.

Princess Boncompagni, a recent photo.

## BIG NEED FOR NURSES.

NEW YORK, Jan. 15.—The lack of trained nurses throughout the country was declared to be rapidly reaching a crisis by Miss Lillian Clayton, president of the National League of Nursing Education, when the advisory council of that organization met at the Hotel Pennsylvania here. Directors of the public health nursing bureau of the Red Cross estimated that they would be called upon to place at least 1,000 nurses within the next few months and that they did not know how they were to meet the demand.

## OFFER WORKERS STOCK.

NEW YORK, Jan. 15.—The United States Steel corporation has again offered to its employees on the partial payment plan 60,000 shares of common stock at \$10 a share. It is announced. Similar opportunity has been offered employees of the corporation every year but two since 1905, in which years steel common was sold at \$50 a share.
